Description

A 2-ply paper for basic wiping tasks.

Tork Basic Paper 2 Ply

Colour: Blue Format: Combi Roll

Shipping data

Consumer unit

EAN	7322540345032
Pieces	1
Height	235 mm
Width	263 mm
Length	263 mm
Volume	16.3 dm ³
Net weight	2876 g
Gross weight	2914 g

Transport unit

EAN	7322540345049
Pieces	2
Consumer units	2
Material	Plastic
Height	235 mm
Width	263 mm
Length	526 mm
Volume	32.5 dm ³
Net weight	5.75 kg
Gross weight	5.87 kg

Recycled fibres

Chemicals

Material

Recycled fibres

Recovered paper can be produced both from collected newsprint, magazines and office waste. The paper is washed with water and treated with chemicals under high temperature and then filtered. Different fibres demand different processes and this determines the end product properties, and makes the fibre type (recovered or virgin) less important.

The environmental benefits and economic feasibility of recovered paper as a raw material source depend on its availability, transport distance and the quality of the collected material.

Bleaching of fibres

Bleaching is a cleaning process of the fibres and the aim is to achieve a bright pulp, but also to get a certain purity of the fibre in order to achieve the demands for hygiene products and in some cases to meet the requirements for food safety.

There are different methods used today for bleaching ECF (elementary chlorine free) where chlorine dioxide is used, and TCF (totally chlorine free) where ozone, oxygen and hydrogen peroxide is used.

Chemicals

The chemicals used in the process as well as the functional chemicals are assessed from an environmental, occupational health and safety and product safety point of view .

The used functional chemicals are:

Wetstrength agent

Dry strength agent

Dye

Fixing agents

Fluorescent whitening agent

Glue

Softeners

The process chemicals are:

Tork Basic Paper 2 Ply

Colour: Blue Format: Combi Roll

Antipitch

Protection agent

Yankee coating

Defoamer

Dispersing agents and surfactants

pH and charge control

Retention aids

Broke treatment chemicals

Drainage aid

Packaging

Fulfilment of Packaging and Packaging Waste Directive (94/62/EC): Yes

Food Contact

This product fulfils the legislative requirements for Food Contact materials, confirmed by external certification performed by ISEGA. The product is safe for wiping food contact surfaces and may also come occasionally into contact with foodstuffs for a short period of time.

Environmental label = Ecolabel

This product does not have an ecolabel.

Date of issue 10-02-25

Revision date 2011-09-02

SCA Hygiene Products AB, 405 03 Göteborg, SE

Production

This product is produced in Kostheim mill, DE, certified according to ISO 9001, ISO 14001 and EMAS.

Disposal / destruction of used product

This product is mainly used for industrial processes and might through use be contaminated with different substances. This will determine how the used product will be handled / disposed of / destroyed. The product itself is suitable for incineration. Contact local authorities before destruction.
